ABOUT FUTUREMEDS ACADEMY

Founded by Amir Akhtar, a dedicated Medicine and Surgery student at the University of Messina, Future Meds Academy (FMA) has rapidly evolved into one of the most trusted and successful platforms for IMAT aspirants worldwide.

Through structured courses, continuous mentorship, and realistic mock testing, FMA prepares students not only for the IMAT exam but for lasting success throughout their entire medical journey.

WHY MEDICINE IN ITALY?

1. Affordable Tuition Fees

Italian public universities offer high-quality education at significantly lower tuition fees compared to other countries. Fees range from €500 to €4,000 per year, depending on your financial status and university policies.

2. Globally Recognized Degrees

Degrees from Italian medical schools are recognized across the EU and worldwide, making it easier to practice medicine in various countries after graduation.

3. Programs Taught in English

Many universities in Italy, like the University of Milan and Sapienza University, offer Medicine and Surgery programs entirely in English, catering to international students.

4. No Donation-Based Admissions

Unlike in some countries, admission is merit-based, with a transparent process centered around the IMAT exam (International Medical Admissions Test).

5. Diverse International Environment

Italian medical schools host students from all over the world, fostering a multicultural environment and a chance to build a global network.

WHY CHOOSE FUTURE MEDSACADEMY

FutureMeds Academy is built by medical experts, for future medical students. We understand the stress, the pressure, and the challenges of preparing for IMAT because we've been through it ourselves.

1

Empathy & Proven Experience

Our team comprises successful medical students who have navigated the IMAT journey, offering firsthand insights and a deep understanding of your challenges.

2

Personalised Mentorship

We offer one-on-one guidance, progress tracking, and ensure every question is answered, fostering a supportive and goal-oriented learning environment.

3

Dynamic Strategy & Resources

Our courses and strategies are continually adapted to IMAT's evolving trends, including up-to-date mock tests and targeted practice for top scores.

4

Holistic Preparation

Beyond the exam, we prepare you for the entire journey of becoming a medical professional, equipping you with lasting skills and confidence.

OUR STUDENTS ARE NOW STUDYING IN:

Università di Catania

THE PROOF IS IN OUR STUDENTS' SUCCESS

At FutureMeds Academy, our students' achievements are the true measure of our impact. Their hard work, combined with our tailored guidance, consistently leads to outstanding results in the IMAT exam and beyond.

OUR STUDENTS ARE FROM:

Aryananda Binoj

TEST SERIES

Università di Catania

ALI NAQI

TOP 5 GLOBALLY IN IMAT 2025 WITH 84.7, RANK 1 AT UNIVERSITY OF PAVIA.

"FMA's structured approach helped me pinpoint my weaknesses and turn them into strengths."

Farhat Ullah Khan

Rank 1 at University of Messina with 79, a standout chemistry expert who mastered IMAT using FMA's mock system.

"The mock tests felt exactly like the real IMAT! They were crucial for my success."

Srijit Patel

Topper of University of Catania with 82.8, one of the few 80+ scorers in one of the hardest IMAT editions. "The in-depth analysis of mock results from FMA gave me the confidence I needed on test day."

Comprehensive, Expert-Led Preparation

Our curriculum covers every aspect of the IMAT, including biology, chemistry, physics, mathematics, general knowledge, critical thinking, and problem-solving. With a team of experienced educators specializing in each subject, you'll receive in-depth tutoring that builds a solid foundation in each area. We offer regular mock tests, personal interaction sessions, and one-on-one feedback, so you're always on track and improving with each lesson.

End-to-End Support Beyond Test Prep

Future MedsAcademy goes beyond just IMAT preparation. We help you with every step, from registration and university selection to scholarship applications and visa document preparation. With our MedItalia+ Prep Course, you can focus on your studies while we handle the complex logistics, ensuring that you don't miss out on financial aid opportunities and have all the necessary documents to start your studies in Italy.

Created by Medical experts, for Future Medical Students

Future MedsAcademy was founded with the help of experts who successfully navigated the IMAT and secured places in top Italian universities, including the University of Messina, University of Padova, and Messina. We understand the challenges, struggles, and nuances of preparing for this exam firsthand. Our courses and materials are designed to provide the practical knowledge, test-taking strategies, and motivation you need to reach your goals, all from a team that has been where you are now.

OUR MOCK TESTS AND PREPARATION PROGRAMS TRULY:

UNDERSTANDING IMAT EXAM

The International Medical Admissions Test (IMAT) is a standardised English-language examination required for admission to medical degree programmes at Italian universities. It evaluates critical thinking, scientific knowledge, and problem-solving abilities essential for medical practice.

1

Purpose

Gateway to Italy's medical universities; assesses readiness for medical education.

2

Scope

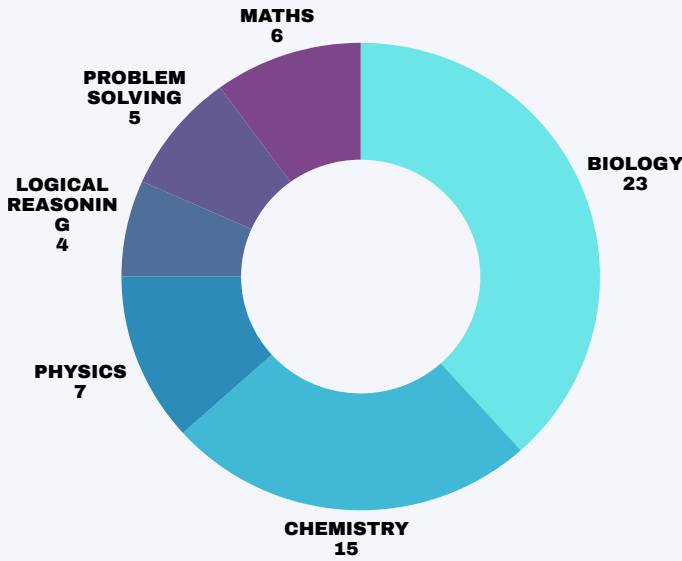

Comprehensive evaluation across sciences, logic, and general knowledge domains.

3

Significance

Merit-based selection ensuring academic quality and international excellence in Italian medical programmes.

STRUCTURE OF IMAT 2026

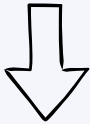

The IMAT comprises 60 multiple-choice questions across six content areas, administered over 100 minutes. Strategic time allocation and content mastery across all sections are critical for success.

Each section demands distinct strategies. Biology and Chemistry carry the greatest weight, requiring deep conceptual understanding alongside problem-solving precision.

HOW TO START IMAT 2026

Build Foundations

Master core concepts systematically; consolidate knowledge gaps before advancing to complex applications.

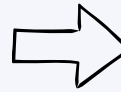

Active Practice

Solve practice problems daily; engage with progressively challenging question banks and real exam scenarios.

Mock Examinations

Complete full-length practice tests under exam conditions; analyse performance and refine weak areas systematically.

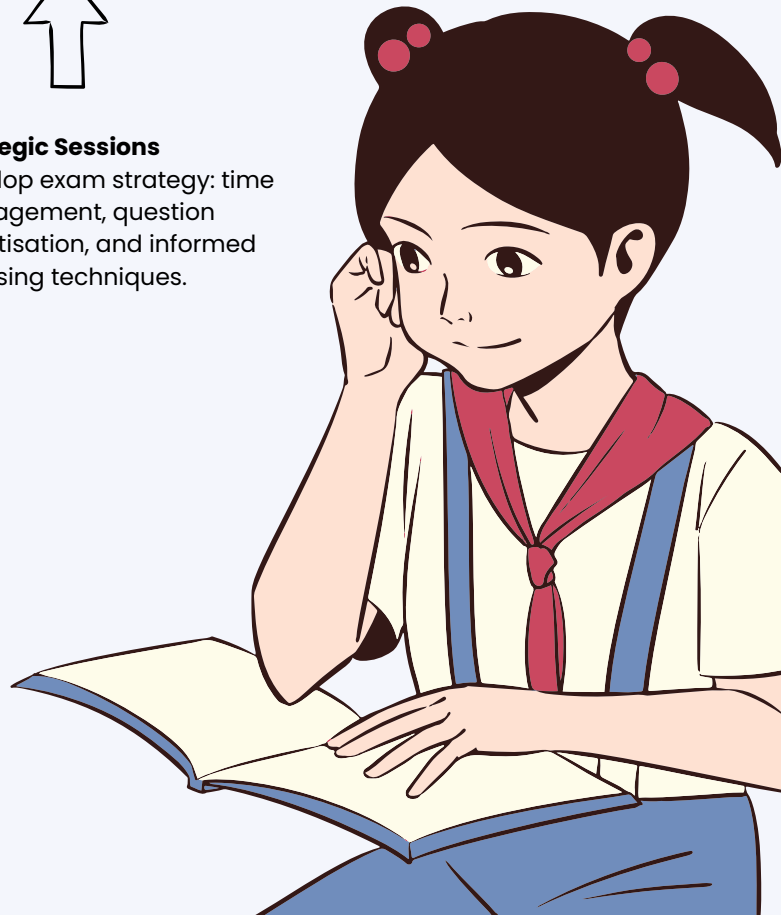

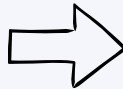

Continuous Refinement

Track progress through analytics; adjust study plans based on performance data and mentor feedback.

Strategic Sessions

Develop exam strategy: time management, question prioritisation, and informed guessing techniques.

Meriam Friaa
Course Coordinator & Administrator of
Africa and Europe

OUR TEACHING FORMULA

Intelligent tracking systems identify knowledge gaps and generate targeted revision recommendations in real time.

Concept Mastery

Deep, structured learning across all six IMAT domains with visual aids and real-world medical applications.

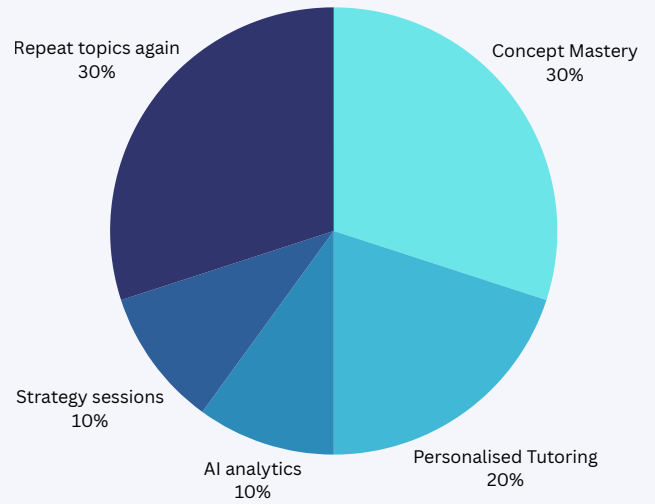

Personalised Tutoring

One-on-one mentorship addressing individual learning styles, pacing concerns, and subject-specific struggles.

Strategy Sessions

Expert-led workshops on exam techniques, time management, and psychological preparation for optimal performance.

WHY FUTURE MEDSACADEMY IS MORE LIKE SCHOOL?

1. Live Classes with Classmates

At Future MedsAcademy, classes are conducted live – not pre-recorded. Students attend lessons together, interact with teachers in real time, ask questions, and learn as a group, just like in a real classroom setting.

2. Class Groups and Collaborative Learning

Each batch has its own class group where students can interact daily, complete assignments, share notes, and help each other with doubts. This encourages teamwork, motivation, and a real sense of community – just like in school.

3. Structured Exams and Homework

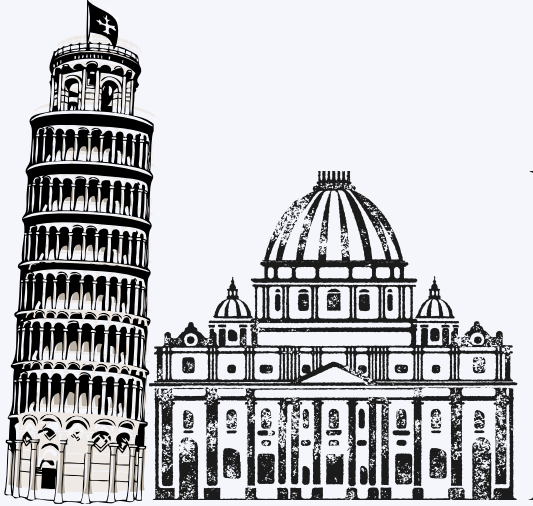

Students sit for exams at the same time, live and on camera, maintaining discipline and accountability. Regular homework and progress tracking help ensure that learning remains consistent and serious – much like a proper school environment.

4. Continuous Interaction and Study Sessions

There are frequent group sessions, doubt-solving meetings, and “silent digital library” study sessions where everyone studies together online. Teachers are actively involved in guiding and monitoring students, creating a structured, school-like academic atmosphere.

IMAT EXAM CENTRES

The International Medical Admissions Test (IMAT) is conducted in several countries each year, giving students the flexibility to take the exam close to home or directly in Italy.

- **Bari** (Università degli Studi di Bari)
- **Bologna** (Università di Bologna)
- **Cagliari** (Università degli Studi di Cagliari)
- **Catania** (Università di Catania)
- **Messina** (Università degli Studi di Messina)
- **Milan** (Università degli Studi di Milano)
- **Milan Bicocca** (Università di Milano – Bicocca)
- **Rome – La Sapienza** (Università di Roma “La Sapienza”)
- **Rome – Tor Vergata** (Università di Roma “Tor Vergata”)
- **Naples – Vanvitelli** (Università della Campania “Luigi Vanvitelli”)
- **Naples – Federico II** (Università degli Studi di Napoli Federico II)
- **Padova** (Università degli Studi di Padova)
- **Parma** (Università degli Studi di Parma)
- **Pavia** (Università degli Studi di Pavia)
- **Ancona** (Università Politecnica delle Marche)
- **Siena** (Università degli Studi di Siena)
- **Turin** (Università degli Studi di Torino)

IMAT INTERNATIONAL EXAM CENTRES

The International Medical Admissions Test (IMAT) is conducted in several countries each year, giving students the flexibility to take the exam close to home or directly in Italy.

- **Albania – Tirana**
- **Azerbaijan – Baku**
- **Brazil – São Paulo**

STUDENTS REVIEW

"I performed well in my IMAT exam thanks to Future Meds Academy! The tutors ensured we understood every topic, patiently cleared doubts, and provided abundant materials and practice questions. Even after completing the syllabus, we had effective mock tests and study sessions from time to time. It was a great learning experience that truly helped my academic journey!"

-Aryananda Binoj

"Future Meds Academy was a game-changer for my IMAT preparation. The minor, major, and bi-weekly mock tests played a vital role in sharpening my concepts and exam techniques. The questions were challenging and helped me perform under real test pressure. The teachers were incredibly supportive, always ensuring that even the toughest topics were explained clearly. Every class was crisp, structured, and focused exactly on what IMAT requires. Thanks to FMA's constant guidance and motivation, I was able to secure a seat in Medicine and Surgery at Università Politecnica delle Marche (UNIVPM) with 68.5 marks and Rank 13. " - Abu Bakr Siddique

"I'd like to thank FutureMed Academy (FMA) for their incredible support throughout my journey. The IMAT mock tests played a major role in guiding my preparation and helped me score 68.4 by showing me exactly where to improve. I also joined FMA's IELTS program, which strengthened my English skills and prepared me well for the exam. Their guidance during the visa process made everything smooth and stress-free. A special thanks to Amir for showing me the right path throughout this journey. - Zishan Ali"

"I started this course back in May, and even though at first I didn't have very high hopes about my chances of success, I quickly realized that FMA would not only help me achieve my dream and get into one of the best medical universities in Europe, but also give me support and friendships that will last forever. FMA truly feels like a family – everyone is always ready to help, to listen, and to offer the best advice for success. I've seen both incredible professionalism and genuine kindness here. The lessons were exactly what I needed for the exam and were structured perfectly for us students. The teachers were so kind and well-prepared, and I can honestly say, from the bottom of my heart, that joining this course was one of the best decisions I've ever made. " - Eliza sarcu

Munish Poonia - Università degli studi di Parma (University of Parma)

"When I hear FMA, I think "family," and that's exactly how I felt as a student there. The best thing about FMA is how everything's split into different teams and teachers, whether it's academics or paperwork, which makes things super efficient and excellent. I loved their digitalization of notes and video lectures the most, you only see that at FMA. I can 100% confidently say that FMA was a huge part of me getting into Italian Medical School. "

"I am Orim Rauf, a 19-year-old IMAT qualifier. I secured an overall score of 64 in the exam. Starting from scratch, Future Meds Academy guided me throughout my preparation journey. I am genuinely grateful to Sir Amir and the entire team for their tireless efforts, constant motivation, and for providing the latest IMAT material. To be honest, this little success of mine would not have been possible without FMA. "

SCHOLARSHIP PROGRAMME FOR STUDENTS AT FMA

At this point, Future MedsAcademy offers two types of scholarships for eligible students.

1. Orphan Scholarship

For students who have lost one or both parents.

This scholarship covers 62% of the total course fee for both Prep and Plus courses.

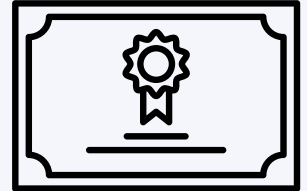

Applicants must provide valid documentary proof such as a death certificate or official statement confirming the loss of a parent.

2. Merit Scholarship

For students who demonstrate outstanding academic performance, achieving over 90% in their High school exams and scoring more than 45 in the IMAT (Either of the possibility)

This scholarship provides a 12% reduction in the total course fee and applies to both Prep and Plus students.

Applicants must submit certified academic transcripts and IMAT score reports.

To apply, students must contact us via email at info@futuremedsacademy.com with all required supporting documents. Once the eligibility is verified, selected students must complete the contract and all necessary paperwork to avail the scholarship

*Please know Scholarship for the premium course is not valid for orphan and merit scholarship.

DEADLINE TO PRESENT ALL THE REQUIRED DOCUMENTS: 5TH MAY 2026

FUTURE MEDSACADEMY COURSES FOR ACADEMIC YEAR 2026/27

We offer three courses tailored to meet the varying needs of students:

IMAT MedItalia Prep Course (€129)

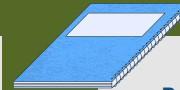

3-Month Program

A structured, flexible study plan to guide you through key concepts.

Minor Mock Tests

Bi-weekly assessments with ranking to track your progress.

Previous Papers Access

Gain access to online simulators for comprehensive practice with past exams.

100+ Quizzes

Extensive quizzes to strengthen your knowledge and problem-solving skills.

12 Full Simulations

Realistic MedItalia full-length simulations available on our platform.

Career Counseling

Dedicated sessions to help navigate your future medical journey.

FREQUENTLY ASKED QUESTION - FUTURE MEDSACADEMY – PREP COURSE DETAILS

1. Who is this course for?

This course is ideal for students preparing for the IMAT who prefer a structured yet flexible online learning program.

2. Can I start the course immediately after enrolling?

Yes. You can begin as soon as your registration is confirmed.

3. Are the lessons live or recorded?

There are no live or recorded lessons in the Prep Course. This program is exclusively focused on exam practice and simulations.

4. How are the mock tests conducted?

All mock tests are conducted on our online platform and are designed to replicate the official IMAT format, structure, and timing.

5. Do I receive personal guidance during the course?

Yes. The course includes one career counseling session to help you plan your university choices and study strategy effectively.

6. Is there a refund policy?

Due to the digital nature of the course, refunds are not available once login credentials have been issued.

IMAT MedItalia PLUS + Course (€312)

Elevate your IMAT preparation with our comprehensive MedItalia+ Prep Course, designed to provide in-depth knowledge, continuous assessment, and personalised support for aspiring medical students.

Live Lectures

144 hours of live, interactive lectures over 3 months, covering all IMAT subjects.

Personalised Study Planner

An exclusive study plan tailored to your needs, ensuring targeted and efficient preparation.

Guidance & Interaction

Receive full personal support to maximise your scores and address individual challenges.

Bi-Weekly Mock Tests

Regular mock tests with detailed rankings to track your progress and identify areas for improvement

Full Simulations

12 full-length MedItalia simulations available online to mimic the actual exam experience + 12 simulations from the 2025/26 batch.

100+ Quizzes

Extensive quizzes to strengthen your knowledge and problem-solving skills.

Career Counseling

Dedicated sessions to help navigate your future medical journey.

Comprehensive Access

Gain access to all online materials and essential career counseling sessions to guide your journey.

IMAT Meditalia Premium Course (€750)

Elevate your IMAT preparation with our comprehensive Meditalia+ Prep Course, designed to provide in-depth knowledge, continuous assessment, and personalised support for aspiring medical students.

Complete Inclusions

Access all content from Meditalia+ courses for a holistic learning experience.

Scholarship Application Aid

Comprehensive assistance with securing regional scholarships to fund your studies.

IMAT Exam Registration

We handle your IMAT exam registration, ensuring a smooth and hassle-free process.

Visa & Document Prep for Italy

Full support for your Italian student visa and all immigration documents. *After successfully passing the IMAT exam, students will need to complete an additional payment related to their visa application procedure.

Exclusive Study Planner

A bespoke, in-depth study plan crafted specifically for Premium and Plus students.

Full Personal Support

Direct, unlimited access to the FMA team for all your queries and support needs.

Pre-Enrolment Application

Expert assistance with your pre-enrolment application, crucial for visa purposes.

Document Preparation Support

Guidance and support for all necessary documentation for your application.

144 Hours Live Lessons

Engage in extensive live, interactive lectures covering all IMAT subjects.

Personalised Study Planner

An exclusive study plan tailored to your needs, ensuring targeted and efficient preparation.

University Selection Guidance

Personalised advice to help you choose the best medical school in Italy for you.

FAQ'S FOR PLUS AND PREMIUM COURSE

MEDITALIA PLUS

Q1. How long is the course duration?

The course runs for 3 months, with a total of 144 live lecture hours. However, the recorded lectures are available until the day of IMAT exam

Q2. Are all subjects covered in this course?

Yes, the course covers Biology, Chemistry, Physics, Mathematics, and Critical Thinking in full detail.

Q3. Will I get personal guidance?

Absolutely. Each student receives individual mentorship, performance tracking, and a personalised study plan.

Q4. Are the classes recorded?

Yes. All live sessions are recorded and accessible for review anytime during the access period.

Q5. What are the mock tests like?

You'll take bi-weekly minor mock tests and 12 full IMAT-style simulations, each followed by a detailed performance report and ranking.

Q6. Will I receive a certificate?

Yes. A certificate of completion is awarded to all students who complete the program.

Q7. How can I enrol?

Simply email info@futuremedsacademy.com or visit the payment section of the the website to secure your spot. it is always better to email us for enrolment.

MEDITALIA PREMIUM

1. When does the course begin and end?

The course starts immediately and continues until the IMAT exam day.

2. Who should enrol in this course?

It's ideal for students who want comprehensive IMAT preparation combined with complete administrative and visa support.

3. What's included in the Premium package?

Everything from live lessons, mock tests, and study planners to exam registration, document support, visa assistance, and university selection guidance.

4. Are the lessons live or recorded?

You'll have 144 hours of live classes with expert instructors, supported by recorded lectures for flexible review.

5. Will you assist with IMAT registration and visa documents?

Yes. Our team manages IMAT exam registration, pre-enrolment, and provides step-by-step visa guidance

6. Do I receive a certificate at the end?

Yes. Upon completion, you'll receive an official Future MedsAcademy Certificate of Completion.

7. How can I register?

Simply contact info@futuremedsacademy.com to begin your enrolment process.

ENROLMENT PROCEDURE

FUTURE MEDS ACADEMY
OFFICIAL ENROLLMENT DECREE
Academic Session: May 2026 Intake

Article 1: Purpose

This decree establishes the official enrollment procedure, deadlines, and requirements for candidates applying to courses offered by Future Meds Academy (FMA) for the **May 2026 academic session**.

Article 2: Enrollment Deadline

All prospective students must complete their enrollment process on or before: **12th May 2026**
No applications will be considered beyond this date unless explicitly approved by the administration.

Article 3: Course Commencement

The academic batches for the May 2026 intake are scheduled to commence:
Mid-May 2026
Applicants are advised to complete all formalities in advance to ensure timely participation.

Article 4: Scholarship Application Deadline

Candidates applying for scholarships must submit all required supporting documents by:
5th May 2026
Failure to submit complete documentation within the stipulated deadline will result in disqualification from scholarship consideration.

Article 5: Enrollment Procedure

To initiate the enrollment process, candidates must:
Send an official inquiry email to:
info@futuremedsacademy.com
Request detailed information regarding:

- Course structure
- Fee details
- Scholarship criteria
- Enrollment confirmation process
- Follow the instructions provided by the admissions team to complete registration.

Article 6: Support and Assistance

Future Meds Academy is committed to providing full support throughout the enrollment process. Applicants are encouraged to: **Reach out via the official contact number provided in the call for application**.
Seek clarification on any aspect of the application or course structure

Article 7: Final Provisions

This decree serves as the official guideline for enrollment into Future Meds Academy for the May 2026 session. All applicants are expected to comply with the stated deadlines and procedures.

Issued by:
Admissions Office
Future Meds Academy

Effective Date: 22nd April 2026
